School-Based Interventions for Selective Mutism

Services provided include:

- Behavioral Interventions
- Play Interventions
- Parent Consultation
- Teacher Consultation

Giftedness & Creativity

The CREATE Clinic’s goals are to assess and foster the social-emotional and academic development of children toward excellence. We believe that is important to assess the intellectual functioning as well as the social-emotional well-being of children in order to provide effective recommendations. We also foster awareness of creative abilities and problem solving skills.

Services provided include:

- Comprehensive Gifted Assessment & Identification
- Creativity Evaluation
- Parent Consultation
- Child Therapeutic Interventions
- Enrichment through Arts & Sciences (Coming soon!)

Early Childhood Interventions

The CREATE Clinic serves children who are experiencing social, behavioral, and emotional problems by helping families manage stress, gain resilience-building skills, and learn effective parenting methods. Services provided include:

- Early Childhood Assessments
- Behavioral Interventions
- Play Therapy
- Biblio-Narrative Therapy
- Parent & Teacher Consultation
- School Readiness Development
- Parenting Skills

School-Based Interventions for Selective Mutism
